August 2017

**“Follow Me, and I will make you fishers of men.” (Matthew 4:19)**

*“...grant that Your bond-servants may speak Your word with all confidence, while You extend Your hand to heal, and signs and wonders take place through the name of Your holy servant Jesus.”  
(Acts 4:29,30)*

### Please pray:

- For divine appointments as we reach out to the lost at USF and UT.
- For abundant grace as we follow up with the 447 students we met at the summer orientation sessions.
- That our staff would be fully funded, not lacking in anything as we begin to reach out.

**Salvation and getting a good foundation in college are the beginning of a life centered around fulfilling the great commission and glorifying Christ. Like many of the thousands of students we’re going to meet this Fall, Jeff & Ali were freshman who didn’t know Jesus.**

Ali and I were both exposed to church growing up but neither of us really received the gospel message until we came to college. Ali’s roommate was doing a Bible study with a minister from Cornerstone. Around the same time, I met a minister on their staff as I was walking across campus. In weekly Bible studies and at church, they shared with us that Jesus died on the cross and was resurrected so that we could have a relationship with Him. His kindness led us to repentance and each of us surrendered our lives to Jesus as freshmen in 2006. Afterwards, we began to reach out to our classmates, friends and other students we met on campus and share the same life-changing gospel that had affected us so greatly.

Around the time that I was finishing up my undergraduate degree and was praying about who my future wife would be, Ali began to catch my eye amongst our group of friends. God is so faithful – a few years later we were married! I am one blessed man.

We felt like God wanted us to remain in Tampa and continue to reach out as lights in the marketplace after we graduated. We both found ourselves working at Moffitt Cancer Center a few years into our careers. It has been awesome! I’ve had several opportunities to pray for and encourage cancer patients and their families as a clinical research coordinator. God’s wisdom through Ali as an industrial engineer gave her opportunities to improve the patient experience by implementing processes that reduced wait times and increased satisfaction. We love the opportunity to bring the life of Christ into this place that has so much need.

We have also recently celebrated the birth of our son, Caleb. God has already taught us so much about His love for us through being parents. Both the Christian student that reached out to Ali and the campus minister that led me to Jesus have become some of our lifelong friends that we see ourselves building the Kingdom of God with for years to come. We are so thankful for how God has moved in our lives through this ministry!

**“And those are the ones on whom seed was sown on the good soil; and they hear the word and accept it and bear fruit, thirty, sixty and a hundredfold.” (Mark 4:20)**

*Thank you so much for standing with us as we sow the seed of God’s Word into the hearts of students at USF and UT. Together we will see a harvest reaped that will change these campuses and this city for Christ. We look forward to seeing many more lives transformed like Jeff and Ali’s were!*
