Please pray with us for:

- The thousands of incoming freshmen. That they would respond to the Gospel as we reach out to them during the summer orientation.
- Favor for the students that graduated in May and are still seeking new jobs.
- Continued favor with the university administration as we move into a new room in the fall.
- That I would add an additional \$650 in new monthly partnership to my team!
- For Brittany that God would reveal Himself to her and that she would begin to follow after Him with all her heart!
- For Samantha, Allie, Nicci, and Veronica to continue to grow in their new relationships with God, while their home this summer.

*O taste and see that the Lord is good;
How blessed is the man who takes refuge in Him!*

~ Psalm 34:8

The summer is in full swing here in Tampa and at the University of South Florida! Each year we participate in the University's New Student Summer Orientation & are able to meet and establish relationships with students who will be coming to USF in the fall. Here is the testimony of a student named Jen, who surrendered her life to Jesus last fall:

I grew up knowing about the Bible and who Jesus was. When I was 8 years old, I prayed to give my life to Jesus. Shortly after, my parents got divorced and throughout the years that followed I went to church less and less and never actually developed a relationship with the Lord. When I was in high school, most of my friends had really strong faith in Christ, and I looked up to them for that. I got more interested in going to church again and reading the Bible, but I was still living for myself and I wasn't letting Jesus take control. I just thought that believing in Jesus and doing good was enough.

The summer before college I really wanted to learn more about God and develop a stronger faith. When I came to USF I met a campus minister from Cornerstone and I filled out a survey. I was excited to go to church and get involved with a Bible study. While studying the Bible, I realized that I had never truly understood repentance. I saw that I needed to fully give my life to the Lord. I did that in September of 2009 and ever since then my life has been great! I got baptized and started to build a strong foundation in Christ.

God has blessed me so much and placed me in a great church, Cornerstone. My favorite part now is watching the Lord work in other people's lives like He did in mine. I never thought that He would use me to reach out to others, but when I went on a Spring Break outreach trip with Cornerstone, I got to share my faith & was so excited to pray with a girl named Gracie. I love that I can actually have a personal relationship with Jesus and that it keeps on growing!-Jen

So far this summer we have met 107 incoming students who are interested in getting involved with a Bible study or coming to church when the fall semester starts! We are looking forward to the great harvest the Lord will bring in this upcoming year!

Incoming students filling out surveys at the Student Orientation this summer.

We are so amazed at how the Lord continues to draw this generation to Himself. Thank you for your faithful prayers and support that allow us to share the love of Christ with these young people!
