We are off to our best start ever in reaching the incoming freshman class! Already, we have met 335 students during the orientation sessions who have responded positively to the gospel. With seven more orientation sessions to go, we are excited to see how God continues to draw students to Himself. This month, we are excited to share with you Arsenio’s story.

I did not grow up in a Christian home, and because my father passed away in 2005, I was left without a father figure. Unfortunately, not many people in my life were a good example to me. As a result, I found myself getting into a lot of trouble. My closest relationships were with people who were living very worldly lifestyles, and I followed in their footsteps. In 2011, I started attending a church because I knew that I needed some changes in my life. This time period was marked with frustration and failure as I continued to try and change my life in my own strength.

In 2012 I started my freshman year at USF and I met a campus minister with Cornerstone Christian Church. I gave my life to Christ shortly after we started meeting for weekly Bible studies. As I continue to fellowship around the right people and learn about Christ’s love, it becomes more evident that God’s mercy and grace are shining through me. Since I made the decision to surrender my life to Christ, I have shared how He changed me with as many people as I can so that they can experience His grace and love as well. ~Arsenio

Your partnership has resulted in tremendous fruit coming from the USF campus! We are looking forward to the great harvest the Lord will bring this upcoming school year!
