“And do not be conformed to this world, but be transformed by the renewing of your mind, so that you may prove what the will of God is, that which is good and acceptable and perfect.” - Romans 12:2

Your prayers are changing lives here on the campus!

Chang, Natty and Joyce recently became members of the church. It's so exciting to see them already stepping out and using the gifts God has given them to build His kingdom.

Chang is helping me reach out to another international student here from China named Tina. It was so powerful to see her share the testimony of what Jesus did in her life in Mandarin Chinese. Please pray for **Tina** that Christ would reveal Himself to her and that she would give her life to Him.

Please continue to pray for **Brenda, Amy, Erin** and also **Erika**, for a strong foundation established in their new walks with Jesus.

Please pray for the grace for us to **meet more students with soft hearts** towards the Gospel.

Thank you so much for your continued prayers and support. This month we wanted to share Jose's testimony. Without you, we would not be able to hear from students like Jose.

I grew up going to church with my family. Around the time I was ten my family and I stopped going to church, but I still continued to believe that there was a God and as long as I did good I would go to heaven. I grew up thinking that if my good deeds exceeded my bad deeds I would go to heaven.

At the age of fifteen I started drinking and doing many other crazy things. During that time I made sure I got good grades and helped others around me who needed help with classes. I knew that drinking and partying were bad so I eventually tried stopping and did for a few years. When I got to college though, I eventually returned to my old ways. My habits got even worse and they started to impact my grades, causing me to fail. During that same time, a friend of mine who lived on the same floor as me in the residence hall invited me to come Cornerstone Christian Church. I decided to go and try it out and eventually continued going with him for the remainder of that semester. Eventually his mom got me a Bible, which I started reading before going to sleep every night. During my second semester at USF I started to experience God's presence in my life. One day while I was at church the truth that I was not right with God because of my sin became real to me and brought me to tears. A few weeks later, while at Church, I heard a sermon that deeply ministered to me. At the end of the sermon, the pastor asked people if they wanted to give their life to God and surrender everything to God. On that day, March 21, 2010, I made the decision to no longer live for myself but for God instead.

Since then I have grown a lot in Christ through being involved in a Bible study, becoming a Church member and even helping in other Bible Studies. By God's grace I continue to mature into a stronger Christian man and have transitioned into leading Bible studies with other students on campus. I currently live with other Christian guys from church that help me on my walk with Christ. I am excited to see what more God has for me as I continue to follow Him. - Jose
